TECHNICAL SKILLS

- Core Java
- SQL
- HTML
- CSS
- Git

LANGUAGES

- Tamil (Native)
- English
- Malayalam (Intermediate)

CORE SKILLS

- Problem Solving
- Analytical Thinking
- Quick Learner
- Teamwork
- Communication

PROJECTS

Temporal Forecasting Using Air Traffic Trends

- Objective:** Forecast future air traffic trends using statistical time series techniques.
- Work:** Performed data preprocessing, exploratory analysis and implemented forecasting models.
- Tools & Techniques:** Time Series Analysis, ARIMA, SARIMA
- Outcome:** Achieved reliable forecasts with optimized model performance based on evaluation metrics.
- GitHub:** <https://github.com/Anushiya-AS/AirTrafficForecasting>

Student Management System (Core Java)

- Objective:** Develop a console-based system to manage student records efficiently.
- Work:** Designed and implemented modules for Create, Read, Update and Delete operations with data validation.
- Tools & Technologies:** Core Java
- Outcome:** Built a modular application with efficient code structure and user-friendly console interface.
- GitHub:** github.com/Anushiya-AS/StudentManagement_System

Bus Reservation System (Java, MySQL)

- Objective:** Develop a bus reservation system to manage bus details and bookings.
- Work:** Implemented functionalities for adding, viewing, searching, updating and deleting bus records.
- Tools & Technologies:** Java, MySQL
- Outcome:** Developed a secure and efficient system with organized data management and smooth operations.
- GitHub:** github.com/Anushiya-AS/BusreservationSystem

Employee Management System (Java, MySQL, JDBC)

- Objective:** Develop a desktop application to manage employee information and perform CRUD operations.
- Work:** Implemented features for adding, viewing, updating and deleting employee records using Java, JDBC and MySQL.
- Tools & Technologies:** Java, JDBC, MySQL
- Outcome:** Built a user-friendly application with efficient database connectivity and secure CRUD operations.
- GitHub:** github.com/Anushiya-AS/EmployeeManagementSystem

PORTFOLIO

- Personal Portfolio Website showcasing my skills, projects and achievements.
- Portfolio Link:** <https://anushiya-as.github.io/Portfolio/>

INTERNSHIP

City Civil Court, Chennai

Case Prediction Using Statistical Tools

- Performed statistical analysis on case-related datasets.
- Assisted in data interpretation and reporting.

1 Month

CERTIFICATION

QSpiders Training & Development Center

Course: Java | SQL | Web Technology

Duration: 1 Year

Description: Completed comprehensive training in Core Java, SQL and Web Technologies including HTML, CSS.

Training & Development Center

ACHIEVEMENTS
